Message from our District Rider
Educator
Al General | Jeff McCarter

Rider Education, March 2018

Another Winterthing is in the books. What a great time being with friends, learning new things, enjoying games and having fun. Thanks to all of those that attended and if you missed it, there is always next year. While at Winterthing we had our inaugural master's Luncheon. Everyone who attended were treated to a delicious lunch buffet and got to hear from our International Director of Rider Education Mr. Tim Grimes. So, if you are a level 4 or higher, plan on attending this great event next year.

We are planning a great year of learning. There are already 3 riding courses set up. Chapter F will be hosting these courses at the South Hagerstown High School. These courses will be a 2-day event. The first day will be a classroom and the second day will be the range to practice our skills. All these courses will count towards your levels.

Here are the dates:

May 19-20 ARC

August 4-5 TTRC (trike trailering course)

August 18-19 TRC

If you wish to attend anyone of these courses, please contact Jeff and Jeanie Kaufman at chapter F to get your name on the list.

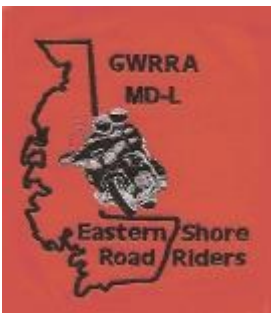

We are working on opening another training site in southern Maryland. Once we get the details worked out we will let you know. Just so you know we are taking request for any courses or seminars that may request. Just send me an email at anjfoto@gmail.com for your request.

There have been a lot of request for a Road Captains Course. I am working on getting a date in the spring. For this we will need volunteers to help facilitate the course. If you are a Road Captain and wish to offer your assistance, please send me an email.

Now that the riding season is almost here it's time to get our rides ready for the upcoming year. Give your bike a good lookover and make a list. How are the tires, the brakes? Don't forget to check those fluids. The time to do this is now and get your bike to the shop if you are needing anything. You don't want to miss the first good days of riding.

Here's a copy of the new vehicle check list to help you check your bike.

Have a safe 2018
Al General, Jackie Bond
MD District Educators.

Message from your ACDMEC Ken

March is looking to be a busy month with several events planned, plus I've got a newer bike to replace my 1995 Goldwing. I moved up to a Nice Clean 2003 1800-that only had 20k miles on it. So I do have an 1500 for sale.

I have already changed the air filter and spark plugs and it's running good!

Hilton and I will be going on the 40 To Phoenix ride in April
Again this year so that should be fun!

Our Chapter will be doing the 2 fundraisers again this year-the Eagleman and Ironman events, and will again need riders with 2 wheelers.

So get your bikes ready to ride-Spring is almost here!

Also please join our Texting # 84483
